

# NEWS OF HORSES AND HORSEMEN

Tearolaine, 2:16 1-2, Leads Virginia-Bred Trotters for First Racing Season.

## MARGUERITE, SWEETHEART

Billy Hibbs, Westover and Lizzie Flat Score Winning Brackets at Baltimore.

BY W. J. CAITER (Broad Rock).

Since starting at the Virginia State Fair, at Richmond, where she won the Old Dominion, an early closing event, purse \$2,000, for 2:30 class, trotting, Tearolaine, the chestnut mare, by Tezaron, 1:54, owned by J. H. Wingate, of Roanoke, Va., got second money in the Cumberland Valley stake, purse \$1,000, for 2:25 trotters, while at Baltimore, on October 23, this well-mannered, smooth-gaited daughter of Tearolaine was said to be in the best form of turf career and had no trouble in winning the Martin and McAndrews stake, 2:25 class, trotting, purse \$1,000, where she made her personal record of 2:16 1-2. Prior to starting at Richmond Tearolaine won at the Baltimore County Fair, Timonium, Md., time of the fastest heat being 2:21 1-4, won at Prospect Park, Baltimore, where her record was reduced to 2:18 1-4. At both places she defeated large fields of good horses. Then she was shipped to Richmond, winning the event mentioned there and taking a still lower mark of 2:17 3-4. After winning the Martin and McAndrews stake, Tearolaine was shipped to Wilton Greenway's farm at Towson, Md., where that well-known reinsman, who has trained and driven the chestnut mare this season, will winter her.

Since September 1st this mare has started in seven races, winning four, while getting second money in one and fourth in another, and being unplaced once, due to an accident—certainly a very creditable showing and the record for the first racing season of a Virginia-bred trotter.

Colonel W. L. Laughlin, of the Exchange Hotel, Frederick, Md., Va., lost by death, due to distemper, the chestnut filly, foaled January, 1907, by Dan Michael, 2:05, out of Fannie, dam of Count Electric, 2:22 1-2, by Gambetta Wilkes, 2:19 1-2. She was bred by Dr. J. C. McCoy, Kirkwood, Del., from the past year. Being highly formed and handsome, with more than ordinary promise of speed as a pacemaker, the daughter of Dan Michael was highly valued by Colonel Laughlin, who confidently expected to see her go very fast with a couple of richly bred and promising young mares, the former being out of Staffa W., full sister to Baron Wilkes. Miss Ann Mald, though bred in the spring to Bow Arrow, 2:21 1-2, has been regularly driven on the road, while Queen's Parole was sent to Dr. J. C. McCoy's place, and mated with Admiral Dewey, 2:04.

Marguerite, the bay mare that won the first and second heats of the 2:19 class at the Great Eastern, at Baltimore, and 2:17 1-2, after which the gray mare Sweetheart went on and won the three deciding heats in 2:16 1-2, 2:18 1-2, and 2:20, was bred by Captain Roper, of Norfolk, Va., and foaled his property in 1899. Marguerite was bred by Gray Stakes, 2:30, dam Marguerite, by Sailor, son of Sultan. She was brought out by F. Covington, of Norfolk, manager for Captain Roper when the mare was four years old. She dropped Marguerite in the standard list at Norfolk in 1905 with a mark of 2:31 1-4, but the daughter of the mare appeared in 1906 from the stable of the new performers of 1906, with a record of 2:20 1-4, made at the Virginia State Fair, at Richmond, and another season should materially reduce her present record.

Sweetheart, winner of the race, in which Marguerite stood for second money, reduced her former record of 2:16 1-4 to 2:18 1-2, the third heat of the contest being won by her. C. E. (Farmer) Bunch, of Pleasanton, Cal., brought East from California by Bunch, and she was foaled in 1902. The mare started in some twelve to thirteen races and rarely failed to get a share of the money.

In most of these contests she was driven by Samuel Earing, in whose hands she finished the season and was victorious. Sweetheart was foaled in 1902, bred by William Bolton, Vallejo, Cal., and sired by Baywood, 2:10 1-4, dam Felicia, 2:23, son of Election. In her I have from Bunch, who is remarkably proficient on California pedigrees, albeit the daughter of Baywood appears in the last two records, said to be by that sire, without either age or name of breeder.

Among the Virginia-bred horses to earn winning brackets at Baltimore were Billy Hibbs, brown gelding, 2, by Fatherless, dam Aurine, by Bolus; Westover, brown gelding, 3, by Alpha, dam Sue E., by Prospector; and Lizzie Flat, bay filly, 3, by Platitudes, dam Lizzie M., by Bolus. The latter, product of the Eastern, was foaled at Max Meadows, Va., started a 12 to 1 favorite in a steeplechase, distance about two miles, and finished six lengths ahead of her field in 4:42, with Percentage second and Fin McCool third, while Monkey Puzzle, Touchwood and three others were in the race.

James C. Smith, of this city, has sold to Kelly Hobbs, Portsmouth, Va., the speedy bay gelding Ed. Miles, 2:19, by Colonel Sidney, by whom the horse will probably be driven on the road. Ed. Miles is much faster than his record indicates, as the bay gelding has shown a quicker time than two records, while he has good manners, is easily driven and quick to get away.

Love Licks at Los Angeles.

LOS ANGELES, CAL., November 16.—The City Council, at a meeting held in new ordinance which will regulate prize contests are not to exceed ten rounds in length, prohibit the presence of a referee in the fight, and forbid the use of any gloves lighter than six ounces.

## A Full Day at the Exposition

OLD DOMINION WEEK

November 18, 19, 20, 21, 22, 23

EXCURSIONS EVERY DAY

VIA

JAMESTOWN

FOR \$1.50 ROUND TRIP

Old Point, Norfolk and Exposition.

Fast trains leave Richmond on 18th to 23d, inclusive (every day); direct for Exposition Grounds at 7:00 A. M. and 9:00 A. M. Returning leave Norfolk at 7:00 P. M. and 9:00 P. M. Exposition Grounds (Pine Beach Road) at 7:00 P. M. and 9:00 P. M. Later departure will enable you to see the illumination.

Fast trains leave Richmond on 18th to 23d, inclusive (every day); direct for Exposition Grounds at 7:00 A. M. and 9:00 A. M. Returning leave Norfolk at 7:00 P. M. and 9:00 P. M. Exposition Grounds (Pine Beach Road) at 7:00 P. M. and 9:00 P. M. Later departure will enable you to see the illumination.

Fast trains leave Richmond on 18th to 23d, inclusive (every day); direct for Exposition Grounds at 7:00 A. M. and 9:00 A. M. Returning leave Norfolk at 7:00 P. M. and 9:00 P. M. Exposition Grounds (Pine Beach Road) at 7:00 P. M. and 9:00 P. M. Later departure will enable you to see the illumination.

## SOME STARS OF GREAT YALE-PRINCETON GAME

## STEWART STAR PITCHER OF THE VIRGINIA LEAGUE

Lynchburg Twirler Pitched Thirty Games and Allowed Smallest Percentage of Hits to Times at Bat of Opponents During the Season.

Who is the best pitcher in the Virginia League? There will probably be many answers to this question by many different persons, and there is no authoritative way to decide. Generally the largest percentage of games won is accepted as the criterion of the effectiveness of a pitcher, but this is by no means a fair standard. However, brilliantly a twirler may perform, poor work by the team behind him may neutralize his splendid record and the game will be chalked up against him. Again, a pitcher may go in against an opposing twirler who is in bad form, and the other fellow may be hammered all over the lot. The winning pitcher may have five or six runs earned off his delivery, but he wins, not because of his good work, but because of the opposing pitcher's poor work.

Taking the official figures given out by Secretary Gregory, Stackpole ranks first with a perfect winning percentage, though Bertram, of Norfolk, with twenty games played, is really entitled to the honor, and Walker, of Danville, next, basing their relative positions on games won and lost. The true test of a pitcher's consistency and effectiveness, however, is to be found in the percentage of base hits allowed to times at bat of opponents. Schuman, who jumped Portsmouth team in mid-season, and Harry Stewart, who worked through the whole five months with Lynchburg, are nearly tied for premier honors. Considering the fact that Stewart performed in thirty games, while Schuman pitched in thirty, the latter is entitled to the record of being the most consistently effective pitcher in the Virginia League. Schuman allowed a hit percentage of .170 to every time at bat, or in other words he allowed seven hits to every 100 men at bat, or 17 hits for every ten times at bat. Stewart, who played while batters were at their best, allowed a percentage of .177 of hits to times at bat, or 17.7 hits were made by batters batting 100 times off his delivery. His opponents were at bat 82 times, and made only 152 hits during the season. In Schuman's case 655 batters faced him during the season and secured 108 hits. Basing their work on this plan, Lavinder, of Danville, ranks next to Stewart, with a percentage of hits allowed of .180; Walsh, of Danville, next with .182; Oatey, of Norfolk, is close behind, with .186; Morrissey and Flowers, of Roanoke, with .193; Walker, of Danville, with .194; Cassidy, of Richmond, with .195; Bertram, of Norfolk, and Stackpole, of Richmond, with .198; Salve, of Richmond, with .199; Long, of Richmond, with .201; Kline, of Lynchburg, with .205.

With an average of .840 on games played, notwithstanding the six weeks slump during which his team was all pieces, and did not win, Stewart is justly to be considered the most effective pitcher in the Virginia League, and he was certainly the most consistent.

Four Prisoners Escape. NORFOLK, VA., November 16.—Four prisoners, each a white man, escaped from the Norfolk Jail at an early hour this morning, effecting their exit by breaking through a window. The men are J. A. Jackson, who had been serving a month's sentence for stealing; E. S. Murphy, with a similar term, and John Deal and Ernest Greenly, in on short sentences.

## BURNS-MOIR MILL OF INTEREST NEXT

Americans in London Speculating on International Bout December 2d.

## JEFFRIES MAY FIGHT MOIR

If British Gunner Wins the Champion May Have to Defend His Title.

BY RICHARD DAILGREN.

LONDON, November 16.—The sporting event of most interest to Americans just now is the approaching prize fight between Gunner Moir, the British heavyweight champion, and Tommy Burns, the American champion. The battle is scheduled to be fought before the National Sporting Club, on December 2d, and it can be safely said that no bout of recent years has attracted such wide attention. It is the first world's heavyweight championship fight ever fought in England, and there are few Englishmen who are not firmly convinced that the big sailor will not come out of it the heavyweight champion of the world. Moir is supremely confident. He has advantage in weight, height and reach. He is a hard hitter, and can take punishment.

Burns is in first-class condition, and expresses himself as sure of winning. "Because Moir is heavier than I am is no indication that he has anything to fear," said the American fighter. "I will fight him the best I can. I have fought men as heavy and beat them, too. I will take Moir's measure, all right."

The best impression here is that if Moir wins it means a fight with Jim Jeffries. It is recalled that Jeffries has announced his intention of fighting only in the event of the championship leaving America. I asked Moir if he would be willing to fight Jeffries in the event of beating Burns. "Sure I will," he replied. "I will fight anyone who thinks he is a better man than I am."

Croker Has Big String.

Richard Croker will race a bigger string in England this year than he did last, according to the veteran intentions. He is well pleased with the result of this season's racing, which returned him a profit, as well as giving him a fixed place in turf history as the winner of a Derby.

I am informed that Mr. Croker has several very likely youngsters in his place in Ireland, and that the veteran politician and turfman has an idea that he may put another Derby to his credit. Mr. Croker, I understand, has been given up all idea of sending any horses to America for the present, at all events.

The Paris Jockey Club is just about as exclusive as the Jockey Club in England and about as hard to enter. The turfmen have come to recognize the need of a more democratic turf organization, and the Association Chevaline is the result. It is proposed to make this the meeting place for horsemen of all ranks. The trainer and jockey, as well as the owner, will be eligible, and will meet on a common plane. The club is to be in harmony with other reputable turf clubs and their membership cards will be recognized.

The need of some such organization is not on this side the Channel and already there is talk of a similar club here.

American Jockey Supreme. The American jockey is supreme on the Continent, and he is close to the head of the list here, although the craze for the American style of riding introduced by Tod Sloan is still recognized, nevertheless, as the best of the season. He finished behind Higgins in the number of winning mounts, but he was away ahead in the percentage column, and his income tops that of any of the English lads.

In speaking of the modification of the American style of riding, Mr. Horace Lennard, racing editor of the Sporting Times, says:

"Nearly all our jockeys are now using longer stirrups than they have used for several years, and are getting rid of the 'crouch' seat. They do not use as long stirrups as they did before Tod Sloan began to ride in England, and they still ride well forward, but they do not go to such extremes as they did when most infatuated with Sloan and his ways."

## GOLFERS GATHER AT PINEHURST, N. C.

Three Courses Are Now Provided There, Two of Eighteen Holes.

[Special to The Times-Dispatch.]

PINEHURST, N. C., November 16.—The local Country Club has outlined a record-breaking tournament season, golf, as in the past, maintaining its supremacy. The demands of the vast army which annually assembles here to enjoy the game making a third course necessary, giving three courses, two eighteen-hole of championship 1st and one nine-hole, an equipment unequalled in the world, and an object lesson to the world as a demonstration of the possibilities and popularity of the game. The second eighteen-hole course, laid out last season, is in the pink of condition, and bids fair to vie with the old course in popularity, and the new nine-hole course will be opened during the present season.

Interest in the season's program of golf events extends about four courses of national importance, the first of which will be the fifth annual mid-winter tournament, January 13th, 14th and 15th, six divisions qualifying, and immediately preceding the annual Amateur tournament, February 13th, 14th and 15th, five divisions qualifying, followed by the fourth annual spring tournament, March 13th, 14th and 15th, six divisions qualifying; the season's program concluding and interest culminating in the eighth annual North and South amateur championship, which will fill in the time from March 26th to April 4th, inclusive, six divisions qualifying, and which will include men's, women's and open events.

MUGGIN TO REPLACE YOST.

Vanderbilt Coach Likely to Have Chance of Michigan Next Year.

CHICAGO, November 16.—Dan McGugin, the former Wolverine star and present coach of the University of Michigan, is likely to succeed coach Yost of Michigan. It is likely the change will be made next year. McGugin is authorized for this statement, he permits him to make the statement. In a letter to a friend here, McGugin said: "I have been given to understand that there will be a place for me at Ann Arbor when Yost decides to give up coaching. I do not believe that Yost will give up coaching, but as he is as much of a success as a business man as a coach and for that reason is anxious to get out of football, he will probably give up coaching."

McGugin's name has been mentioned in connection with the position of head coach at Michigan on several occasions, but this is the first time that the leader of the Nashville eleven has made any statement on the matter. Yost's teams of the last two years have not been as successful as were his famous machines under the old style of football, and unless the Maize and Blue wins from Pennsylvania next Saturday the "Hurricane" instructor may be asked to quit.

Yost, however, has announced his intention of retiring from coaching, and McGugin is his logical successor. If the big fellow is selected the college football department of the University of Michigan will have an excellent coaching system will be adopted for football at Ann Arbor.

Working on Winter Zoo.

Arrangements are fast being perfected for the formal opening of Ferar's wild animal arena at the winter quarters in Idlewood Park. Nearly all the specimens of jungle denizens, polar bears, sea lions, and a variety of other animals, are safely housed in their winter home. The erection of the arena is nearing completion, and when the doors are finally thrown open for the reception of visitors the winter season will present an interesting sight that will attract visitors, not only from Richmond, but from other sections of the State.

The acts will include all those that have been at the Jamestown Exposition, and the department of the aggregation, and the Pacific section, all three of Colonel Ferar's attractions coming to Richmond to spend the winter.

CANADA WANTS CRUISERS ON THE PACIFIC COAST

VICTORIA, B. C., November 16.—The Canadian government has been requested by the Navy League to ask the Imperial government for two cruisers and four destroyers, to be stationed at Esquimaux, upon the understanding that the Dominion will maintain them upon the Pacific Coast. The cruisers and destroyers are expected to form the nucleus for a Canadian navy.

## VIRGINIA ENTRIES FOR NATIONAL HORSE SHOW

Great Madison Square Garden Event Will Open To-Morrow Morning With Fair Prospects for a Successful Exhibition--Classes and Entries.

Beginning Monday morning, the greatest of all horse shows and the oldest will begin in Madison Square Garden, New York. It will continue throughout the week. The great show at "The Garden," as it is known to horsemen and horsewomen, will attract the champions of all classes at the other great shows, and will, therefore, present the product of the best judgment of many experts.

While there has been a marked falling off in the demand for boxes, and accordingly in the prices of them, and the attendance will probably be smaller than at some previous shows, the number and quality of horses shown will probably compare favorably with those of any previous exhibition. The program, which has just been issued, is but an index to the classes, and does not attempt to show the number of entries nor the names of exhibitors, but it does show many more classes than are seen at Richmond shows. There are classes for hackney fillies and mares, pony stallions and colts, polo ponies, heavy draft horses, saddle horses, harness horses, of every class and height, trotters, hunters and jumpers, and many other classes.

Of all the classes, those for saddle horses and for hunters and jumpers are the largest. The opening class consists of thirty-two hunters, and there are eleven in the qualified hunter class, lightweight, as many in the middle and heavyweight class. In another class are twenty-two saddle horses and sixteen in the ladies' saddle class. Thirteen hunters are entered for the Naclay cup, and in another for ladies' saddle horses there are nineteen entries. In still another class are twenty-three hunters and jumpers, and in another twenty-two saddle horses. Eleven horses are entered in the high jump. The harness horse classes are fairly well filled, but entries are not so numerous as might be expected.

Among the exhibitors are many well-known Virginians and other Southerners, and, as usual, many of these horses will compete in the various classes.

COB WANTED AS COACH.

Vanderbilt Would Like Him to Develop Ball Team.

Although no definite offer has been made, it has leaked out that Vanderbilt University, of Nashville, seeks Tyrus Cobb's services as baseball coach for next spring. In fact, Dan McGugin, coach of the football team and virtual head of athletics at Vanderbilt, and Cobb had a talk in Atlanta last week.

Cobb told McGugin that he would consider an offer. The Detroit club, however, may offer an objection on the ground that the player would not set the coaching in spring that he would get with Manager Jennings to look the last over every day.

Vanderbilt usually has one of the strongest nine-man teams in the South. Every spring the team makes a long trip playing Eastern colleges and battling with strong teams.

will compete in the hunter and park hack classes. Mrs. Allen Potts, of Cobham, Va., has entered her hunter, Pirelight, in several classes. Mr. and Mrs. Julian Morris, of Newrick, have entered their hunters, David Gray and Majesty, in the more important hunter classes, and their thoroughbred horse Sarnia is an entry in the saddle classes. The Keswick Hunt Club also has a hunt team entered.

Mrs. Charles H. Hunkamp, of Fredericksburg, has entered the chestnut mare Genesee in the hunter classes. Mr. U. D. Benner, of Warrenton, enters King Edward and Bellair Girl in the qualified hunter classes. Dr. C. Shirley Carter, also of Warrenton, who never misses the National, has entered a horse suitable to become a hunter. Miss L. J. Fletcher, of Gallatin, Tenn., has entered her imported hackneys in the harness horse classes. Mr. W. H. Whitridge, of Baltimore, will send a trotting bred stallion.

While financial conditions have somewhat affected the entries, there is assurance of a good show. So far as known only a few will go from this city.

## NATIONAL LEAGUE WON MOST SERIES

For First Time in Five Years Old Organization Beat Americans.

## WILL ELEVATE HIS LEAGUE

Pulliam Will Hold Annual Meetings of National at Hotel Waldorf.

When the baseball campaign of 1907 ended with the playing of the world's championship games and other post-season contests between American and National League clubs, it marked the fifth consecutive season in which inter-league series have been played between clubs of the major organizations, or since peace was established between them in the winter of 1902-1903.

Although in four of these five years the two leagues stand on an equal basis in winning the world's championship, this is the first year the National League has won a majority of the games played with its younger rival. The Nationals were not only successful in securing the largest total of games won, but they captured the most series.

The Nationals won the world's series, both the spring and fall series in St. Louis, the spring series in Philadelphia, and a training-trip series between the St. Louis and Washington teams. The American League was victorious in the post-season series between the two Boston clubs, and in the two spring series between the Philadelphia Athletics and the Giants, and between the Boston Americans and Cincinnati.

The results of the games between the two leagues this year follow:

At Houston, Tex.—St. Louis Nationals, 1; Washington, 0; St. Louis Nationals, 1.

At San Antonio, Tex.—St. Louis Americans, 2; New York Nationals, 2; At Galveston, Tex.—St. Louis Nationals, 8; Washington, 0.

At Houston, Tex.—St. Louis Nationals, 5; Washington, 2.

At New Orleans—New York Nationals, 4; Athletics, 2; Athletics, 9; Giants, 0 (forfeited); Athletics, 9; Giants, 6.

At St. Louis (spring)—Americans, 5; Nationals, 2; Nationals, 5; Americans, 4; Nationals, 6; Americans, 2; Americans, 1; Nationals, 9 (thirteen innings); Nationals, 5; Americans, 4; Americans, 4; Nationals, 2; Nationals, 9; Americans, 1.

At Philadelphia (spring)—Nationals, 1; Athletics, 0; Nationals, 4; Athletics, 1; Nationals, 7; Athletics, 2; Nationals, 9; Athletics, 6.

At Cincinnati (spring)—Boston Americans, 8; Reds, 1; Reds, 7; Boston, 2; Cleveland, 8; Cincinnati, 6.

At St. Louis (fall)—Nationals, 6; Americans, 1; Nationals, 1; Nationals, 0; Nationals, 5; Americans, 6; Americans, 11; Nationals, 5; Nationals, 7; Americans, 2; Nationals, 9; Americans, 2; Nationals, 2.

At Boston (fall)—Americans, 4; Nationals, 1; Americans, 4; Nationals, 2 (11 innings); Americans, 2; Nationals, 1; Americans, 5; Nationals, 4; Americans, 6; Nationals, 3; Americans, 5; Nationals, 4; Americans, 3; Nationals, 2.

World's championship: At Chicago—Cubs, 3; Detroit, 3 (12 innings); Cubs, 3; Detroit, 1; Cubs, 5; Detroit, 1; Detroit, 6; Detroit, 1; Cubs, 2; Detroit, 0.

Totals for Five Years.

1903—Americans, 33; Nationals, 22.

1904—Americans, 13; Nationals, 11.

1905—Americans, 26; Nationals, 23.

1906—Americans, 22; Nationals, 22.

1907—Americans, 13; Nationals, 22.

Grand total, 112; Grand total, 95.

Joe Staley With Him.

In holding a team down to few hits Pitcher Joss of Cleveland was the most effective in the American League last season. Of seven one-hit games in the league, Joss was the owner of three, while beating Detroit twice and New York once.

## Intensifying the Supreme Attractions of the Boys' Department

A completeness which leaves nothing lacking to meet every requirement in Winter Apparel for Boys and Children merits the attention of every mother or buyer of boys' wardrobe in this community. The very best and choicest productions of the best makers in the country are represented in practically inexhaustible stocks and assortments, and our determination to make this the banner season in the history of the department is evident in the price-making and remarkable value-giving. Never have we attested the supreme mercantile advantages enjoyed by our unique Six Store Buying Power so forcibly and conspicuously as in this season's offerings in the Great Department for the Little Men.
